

Triaging Patient Requests at Dr Khuroo's Practice How Will It Work?

Patient Makes Contact

Patient completes the **form online** or **over the phone** and is passed on to the **clinician** who **reviews** the request.

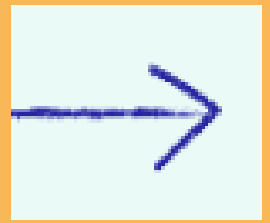

Reviewed by GP

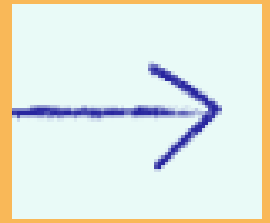

The **GP** reviews the **request** and your **clinical history** is **taken** and **assessed** by the GP before **deciding** an **outcome**.

Patient Needs Are Met

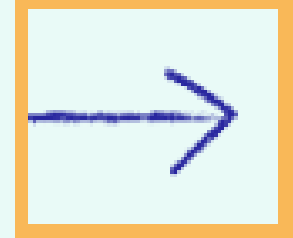

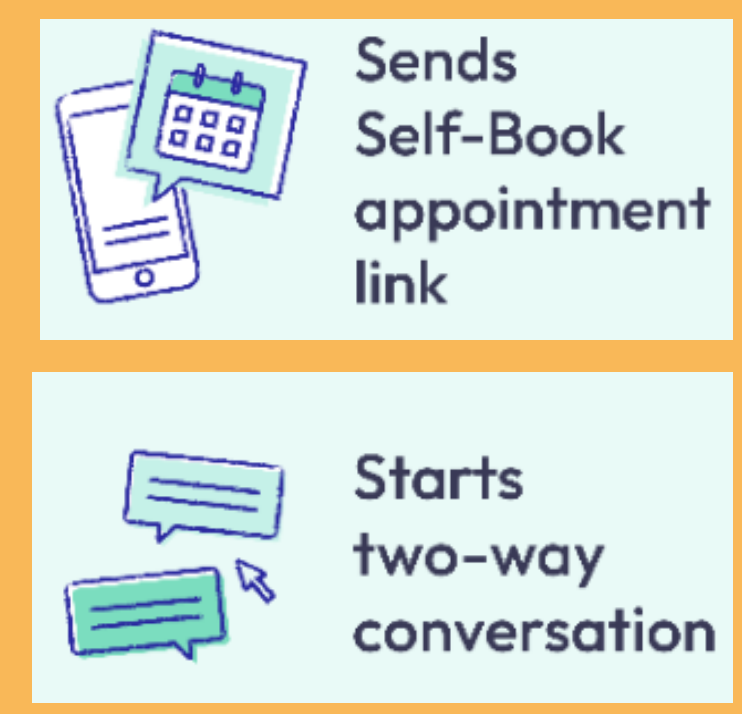

Patient is **signposted** and **receives care** from **local services** efficiently.

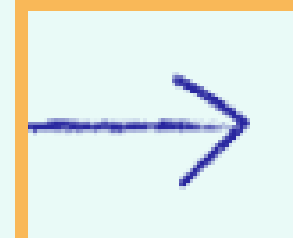

Patient has their **needs met** and is told to **continue advice** given by GP.

Outcome

GP will send you a **booking link** to book your **appointment** after **triaging**.

GP may want **some more information** and may **reach out** for more details.
